

Super Saver of the Month

Is your family championing for Conservation?

Do you watch your watts?

Are you a Super Saver?

The Super Saver Program is designed to promote conservation in the home and increase awareness and understanding of the information on Resident Utility Statements.

In order to participate, residents must nominate themselves by completing the Super Saver Nomination Form found on the FLFHC website. Bring the completed form and a copy of the most recent utilities statement to the housing office at 549 Kearney Ave. Deadline for nominations will be the 25th of each month.

One winner will be chosen each month from the nominees and the winning family will receive a \$25 AAFES gift card and have the privilege of displaying the “Super Saver of the Month” sign in their yard for that month. A profile of the winning family, including examples of the steps they have taken to conserve utilities in their home, will be published in this newsletter as well as in FLFHC Lamp articles.

All monthly winners will be eligible for the Super Saver of the Year award which includes a \$100 family prize pack, to be chosen on Earth Day in April.
